

YDCTM is a SaaS-enabled data monetization platform that helps companies manage their data value chain more effectively to reduce costs, discover new revenue potential, and mitigate regulatory risk.

Leveraging best practices across data management, technology, regulatory compliance, and finance, YDC supports the following components: Data Balance Sheet, Data Valuation, Data Risk Register and Data Exchange.

With YDC, businesses can build a path to faster data monetization by answering these critical questions:

<p>How do I create a Data Balance Sheet?</p>	<p>How do I assign a value to my data assets?</p>	<p>How can I register my data risks?</p>	<p>What is the Next-best-action for data monetization?</p>
---	--	---	---

Pre-built business cases and templates improve the success of data monetization projects.
